1995 Ends In High Spirits

Coastal Quilters enjoyed a host of fascinating programs in 1995 and can look forward to an excellent lineup of educational programs, workshops and social events in 1996. A survey of our members last year indicated that we are interested in every aspect of quilting, from the evolution of this unique and traditional American art in the form of antique quilts and traditional patterns to modern developments including applications to wearable art.

Our December program featured Susan Harter, a local quilt collector, who shared her delightful collection of antique quilts, tops and blocks from a seemingly bottomless antique trunk. Susan's delightful program about women in American history, as seen through their hand-piecing and quilting, put it all in perspective. It was particularly gratifying to hear that Susan takes her program into local elementary schools.

Presentation of our Community Project quilts to Hospice was made by Claire Hemke.

The 1995 committees, volunteers and officers to applauded for their efforts, followed by installation of the 1996 officers.

Santa Claus made an appearance just in time to present retiring President Judy Gorrindo with a quilted Christmas tree wall hanging on which she can hang the ornaments lovingly made by our members.

Congratulations to Joan Watson for winning the 1995 Guild Opportunity Quilt and to Zetta Hanna winner of the quilt top created at the same time as the Opportunity Quilt.

It was a good year for Block of the Month participants and workshop attendees who were recognized for their participation. Throughout the night lucky winners of fat-quarters kept us riveted to chairs. Of course we saved some time during our last busy meeting of the year for socializing with our new and old friends at Coastal Quilters!

January Program Features

ALEX ANDERSON

Alex Anderson began her quilting career in 1978 when she completed a Grandmother's Flower Garden quilt. Studying for a Degree in Art at San Francisco State University involved the study of graphic design in fiber and Alex was developed a deep respect and admiration for Amish quilts. Alex has continued her interest in quilts with strong visual impact and intricate quilt designs.

Recently her focus has been star quilts and traditional surface design. Her lecture topic is "Surface Quilting Design, more than an afterthought." At Thursday's workshop we will explore some of the possibilities of quilting designs.

Alex's quilts have been displayed in one-woman shows and have won prizes in group shows. She has lectured to numerous guilds, taught frequently at leading conferences and quilt shops, and hosted the Home and Garden television show, "Simply Quilts." Her work has been featured in a number of magazine articles, and in books by Diana McClun, Laura Nownes, Margaret Peters, and Mary Coyne Penders.

Alex and her father worked together to develop his company...Sladky Quilt Frames. Her first book, Quilts for Fabric Lovers celebrates the use of fabric, and was published by C&T Publications (1994). Alex and her family currently live in Livermore, California.

A Letter from Our President

The New Year seems to be a time of reflection, and, as I think about my quilting life, the events of 1995 and the year to come, I am reminded how grateful I am to so many people.

First of all, thank you to the members of the Coastal Quilters Guild for showing your faith in me by electing me as your President. I know this will be a challenge working full-time and teaching, but I know I have your support and the support of a very involved and energetic Board (thanks to the Nominating Committee).

I am grateful, as I am sure we all are, to Judy Gorrindo and all she has done for the Guild. She is a hard act to follow and I am grateful for her example of to how to "President." Thank you to the previous Board, so many of whom have volunteered to help make the coming year dynamic and exciting. They have served tirelessly, often in more than one job.

I am grateful to the members of the Loosey Goosey satellite group, so many of whom have offered their time and energy to the Guild. And thanks to them also for their continuing support and assistance in the construction of the 1995 Opportunity Quilt. Thank you to fellow Adult Ed teachers Marty Frolli, Norah McMeeking and Melody Bolloy who provide the Guild members with continuing inspiration and recruit new members.

I am grateful for the support of Mary Ann and her staff at Beverly's Fabrics; Grant, Carol, Sarah and Mary at Grant House, and the staff and management of Betty's Fabrics and House of Fabrics who support the Guild by stocking what we as quilters need and for always being generous in their support.

Coast Lines is a monthly publication of the Coastal Quilters Guild of Santa Barbara and Goleta, California. A non-profit, educational and charitable organization whose specific purpose is to educate its members about quilting, learn and improve quilting skills and inform the community about the history and preservation of the unique American art form of quilting.

Direct articles and notices to attention of the Editor at post office box or call (805) 962-6401: Lynn Laughrin, Editor
Deadline for submission is the 1st day of each month.

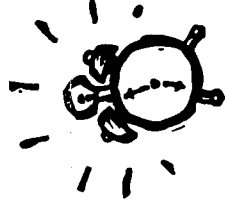

I am grateful to three very special friends – Pat Yamada, Jan Inouye, and Judy Gorrindo (yes, I have thanked her twice already!) who show everyday what it means to be a friend as they offer their support and assistance.

And I appreciate my Father who supports me in so many ways including taking messages, carrying and fetching, and layering and pinning.

The list gets longer the more I think about it, and perhaps that is one of the things that I appreciate most about the world of quilting, a network of women (and an increasing number of men) brought together initially because of their love of stitches, color and cloth who support and encourage each other in many other ways as well.

So Happy New Year, and happy stitching!

Maggie Goehrin

JANUARY Board Meeting will be held immediately after the general meeting. We will decide the best time to hold future meetings.

Reminder: Support the Santa Barbara Adult Education Program. It is nationally known as an excellent educational resource; people even come from other countries to take courses! Adult Education Quilt Classes are of first class quality, with experienced instructors who could hold their own at any large conference. We are so fortunate to have the opportunity to have them as teachers in our own home town.

Schedule of Winter Courses on Page 3

Coming in February - Cathie Hoover
 will be the featured speaker, just in time for our wearable art Guild Challenge!

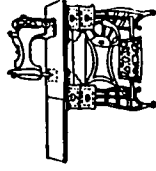

A California quilter, Cathie lives in Modesto, where she creates her colorful wearable art. Cathie's garments have recently been featured in major quilt magazines. You will find her jacket, "Oh My Stars & Buttons" in the January/February 1996, *Quilter's Newsletter Magazine*. In 1995, Cathie's work appeared in the Women's Day feature magazine *Wearable Arts*. "Cowboy Alex" is featured in the Winter 1994, *American Quilter Magazine* and her vest titled, "Red Knots" appears in Mary Maschuta's book Wearable Art for Real People.

Her lecture, "Accept the Challenge", will recount the challenges she has encountered for growth and success with difficult tasks.

Her workshop entitled, "90's Patchwork Jacket" will help you create any kind of garment. Cathie will explain traditional and contemporary techniques for the overall garment, as well as detail for the smaller areas. Cathie will give us suggestions and instructions for quilt blocks/borders, appliqué and embellishments to create a unique and stunning garment.

Space is available in Cathie Hoover's workshop. Contact Anne Braddock for workshop information.

The February 14 program will be held at the Goleta Valley Community Center. Samarkand residents will be using their for a special Valentine's Day concert.

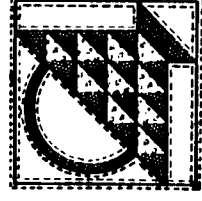

Also coming in February....

Aunt Ima Sew-Happy will field questions from quilters and offer her special brand of brassy advice.

✉ Send your questions and/or answers for better quilting to... Aunt Ima, c/o Coast Lines, deadline 1st of each month.

Call the Editor who relays messages to her nibs ☎ 962-6401.

HERE'S the SPOT !!!!!

What is a quilt that walks with an attitude and sings with the birds?

A guild member who has made a wearable art for the 1996 Challenge based on musical title. YES, we are doing clothing for the 1996 Challenge. And YES there are some rules (sorry , but that's life).

1. Garment must be completed for the October meeting.
2. Garment must use the black and white striped fabric ON THE SURFACE of the garment. The amount can be microscopic or major statement. The Debra Lunn "Vibrations" fabric will be available at Betty's and Beverly's (In Goleta).
3. Garment must be based on a musical title.

The rest is up to YOU. Any questions, call Jan Inouye, 962-3498.
