February 2006 Program

Sue Nickels

www.sue.nickels.com

This month Sue Nickels returns to Santa Barbara. Sue began quilting over 22 years ago, starting out by hand and gradually focusing on machine work. She has been teaching machine quilting and appliqué classes for the past 12 years. She teaches regularly at local quilt shops, and has taught and lectured nationally at both the American Quilter's Society and National Quilting Association shows, and for many guilds around the country.

Sue has co-written two books with her sister, Pat Holly, on machine quilting patterns. Pat and Sue also worked as contributing editors for Ladies Circle Patchwork Quilts Magazine. In addition, she is currently working on a machine appliqué book to be published by AQS. Pat and Sue have created award-winning quilts together including "Blackbirds Fly" which won, among others, a 3rd place at the 1996 AQS show. Their most recent award and most thrilling moment was winning the 1998 AQS Best of Show for "The Beatles Quilt".

February 9 Lecture: Sue Nickels presents **Following The Tradition – Machine Quilting:** Explore the history of machine quilting in this informative slide lecture. Begin with antique quilts then progress to the present day popularity of machine quilting. Sue will share her thoughts on how quilters keep with traditional values held through history. Sue will show a variety of her quilts after the slide portion and take questions on machine quilting.

February 10 Workshop: Sue Nickels (sue.nickels.com) will teach **Exploring Machine Stipple Quilting.** Free motion quilting is explored for background areas and all over surface designs. Ways to vary traditional stipple quilting will be practiced as well as fun alternatives. Some alternatives will include loopy meandering, psychedelic stippling, and curvy crosshatching. If you are looking for interesting ways to make your machine quilting different from the crowd, this will inspire you. Some free motion quilting will be reviewed then jump into the fun with new ideas.

Check with Dorothy Fitch at the Guild meeting to see if there is still space available for this fun and creative workshop.

Block of the Month News

Thanks to all who submitted the beautiful snowflake blocks at the January meeting. The variety of shapes and embellishments and the quality of handwork were fabulous! Congratulations to Nancy Miller, who was the lucky winner of these fun blocks.

As a reminder, all blocks for 2006 are designed to be joined together in a holiday quilt. We encourage you to make an extra block for yourself each month so that by next December you'll have enough blocks for your own holiday masterpiece – even if you haven't won any blocks during the year.

A variety of methods will be used including piecing, appliqué, and paper piecing. If you are not sure about a pattern or technique, help and detailed instructions are available at the Block of the Month table during guild meetings. Miss a month? We'll also have a supply of patterns for all published months at the table so you can catch up at any time.

We look forward to "ooohing" and "aaahing" over your February blocks – Gift Boxes!

-The Sew-it-Alls

President's Message

Those of you at the January meeting saw the quilt I completed for my granddaughter who lives in Vermont. She will turn thirteen at the beginning of February and what better than a purple quilt? I must say this quilt was one of those stretching exercises. It was a far cry from my usual autumn palette and when I looked at it I could only think "who made that quilt?" It made me decide to go for some of the workshops this year that are different from what I usually do—I believe "getting out of one's comfort zone" is what it is called. Incidentally, I won't be mailing this quilt to their home address. Christmas presents sent to them from my daughter out here seemed never to have been delivered by the postal service. But recently, Vermont has had bad weather (meaning warm enough to melt snow) and there in the middle of the yard was the missing package. Fortunately, with all the plastic used in packaging, it was no worse for the wear. Apologies to the postal service for all the bad vibes....

Did you get to the "Road to California"

show? Congratulations to Susan West and Nancy Miller who had quilts in the show. If there were others, please let me know, as the format of the show program was not conducive to identifying people. I did notice that, again, there were many non-west coast entrants and many of the winners were in that category. The vendors were endless. I was only sorry I was not able to spend a couple of days instead of making it all in one long, but wonderful, day. Incidentally, when the winning quilts from this show are put up on their web site, take a look at the wild colors in the winning "Best Traditional Quilt". Consider entering a show like "Road" —a juried show. The many spectacular quilts that turn up regularly as part of our Show and Tell could certainly be accepted for hanging.

I have Christmas ornaments made by Carol Dishion, Paulette Ley, Barbara Aspen, Suzanne Devine, Linda Karpinnen, Linda De Sepulveda Boynton for the Historical Society Tree and ready for return. Please either get them at the February meeting or arrange to have a friend pick them up. I also have a gray shawl left at the meeting and ready for return.

—Betty Kelley

Quilt Show Publicity Goes High-Tech

The Harvest of Colors 2006 publicity committee will be taking advantage of many FREE advertising opportunities available through the Internet to publicize our Guild's biennial quilt show.

Did you know, for example, that Alex Anderson's website, www.alexandersonquilts.com, contains a "Happenings" calendar of events covering the entire United States, a great resource for finding out if there will be a quilt show in an area of the country you may be visiting on vacation or business? Also, many quilting and craft magazines include a calendar of events in their new issues, and many will accept event submissions by e-mail, as well as "snail mail".

While we have uncovered many of these free advertising sources so far, we would like to enlist your help in finding as many of these sites as possible so that we can maintain a catalog of these sources for subsequent Guild shows. Although it may be tempting to submit the event on your own, we request that you refrain from doing so.

Please e-mail Kathy Rose, Publicity Chairman, at katrose@cox.net, with any such sites that you may be aware of, listing the website name and address. If your source is a magazine, please include the name of the publication, the address and person to whom the submission should be sent, and the deadline date for submissions (if known). Alternatively, you may bring the information to the February Guild meeting. This process will enable the Publicity Committee to maintain control over the information details dispersed, to insure completeness and to avoid duplication of effort.

Any questions, call Kathy Rose at (805) 964-9085 after 5:00 PM.

2006 Community Quilts The Linus Project & Angels Bearing Gifts

While The Linus Project is a national organization with a national website <www.projectlinus.org>, quilts we give to the local group, the Santa Barbara Linus Project, will be distributed in Santa Barbara and the surrounding area. The Santa Barbara Linus Project provides blankets and quilts to local agencies including the Pediatric and NICU units of Cottage Hospital, CALM, Transition House, Family Service Agency and Santa Barbara Family Care. One of our quilters, who is a nurse in the Pediatric unit of Cottage Hospital, has told us that they can use as many as 100 quilts a month.

Quilts and blankets will be given to ill or traumatized children from newborn to 18 years of age. It is important that quilts going to the Linus Project be handmade, have no smoky smells or chemicals and no embellishments. Baby quilts should be about 36 inches square. Blankets which have been knit or crocheted are also welcome.

Marty has made up four new patterns for baby quilts. For older children using larger quilts, or for quilts going to Angels Bearing Gifts, patterns given last year would be appropriate. The patterns, kits and some batting will be available at the Community Quilt table at each month's meeting. Patterns are also available on the guild website <http://www.coastalquilters.org>.

"Leaves" wrap up

The Coastal Quilters Guild's 2005 Opportunity Quilt raffle was a success, generating over \$2800 towards our programs and charitable activities. A very appreciative winner, Paula, accepted the quilt. This is the second year that Wanda Livernois sold the winning ticket! Thanks go to Wanda and all members who sold our opportunity quilt tickets, designer/creators Robyn Ruge and Angela Moll, and quilter Susan Italo.

Now on to 2006!

Harvest of Colors 2006 Sept. 30-Oct. 1, 2006 Earl Warren Showgrounds

The Quilt Show Committee met on January 26th and plans are well underway for the **Harvest of Colors Quilt Show**. A great group of vendors has accepted our invitation to be part of the show and with Robbi Joy Eklow our featured guest artist this promises to be quite a show. Of course, members' quilts are what really make the show special. We would like to have an entry from every member of the guild, from first quilts on up! So get going on your quilt entry, whether it's a bed-sized quilt, a miniature quilt, a wall hanging, or wearable art.

Pat Masterson has already enlisted the judges for the show. In the January meeting, she spoke briefly about the opportunity to have your quilt judged, encouraging everyone to submit a quilt for evaluation. Entering your quilt for judging is a terrific way to get feedback on the strong and weak points of your technique. There will be a \$10.00 fee to have your quilt judged.

Kathy Rose produced the first of our bookmark flyers and they were sent down to Road to California in Ontario. Also Liz took some to the Bakersfield show. If you are going to a quilt show please let Kathy Rose, Oleta Bennett, or Liz Turner know so we can send some flyers with you. With the large volume of bookmarks and the large number of guilds and shows to send to, postage costs mount pretty quickly. Taking flyers—if you're heading out anyway—is an easy way to save the guild a little money, which means more of the quilt show proceeds will go toward our wonderful programs.

Any suggestions for the show are welcome; just contact Oleta or Liz.

Liz Turner and Oleta Bennett, Co-Chairs

Upcoming 2006 Lectures and Workshops

March: Quilt artist **Carol Anne Grotrian** will present **Quilts With A View: The New Landscape Tradition** at our Guild meeting. Her workshop the following day is **Picture Perfect Piecing**. Start piecing a picture quilt with gentle curves and easy corners. Move on to adventurous hairpin turns and jagged peaks. Learn when to sew by hand or by machine. Students will piece a landscape study from templates designed to cover the basic and advanced techniques Carol Anne uses to make her quilts. Her website is <http://www.carolannegrotrian.com>.

April: **Lujean Seagal** will join us to present her lecture and workshop both entitled **Beyond Border Boredom**. The lecture will show us how to take an ordinary group of center blocks and transform them into extraordinary quilts. Lujean says the "Beyond Border Boredom" workshop is her most popular. Discussion topics include study of various borders, elements of different borders, how to make a border fit your quilt, and how to pick a design for your project. Students will bring a UFO block or other center block to make a small wall hanging using new border designs. Students are also encouraged to bring unfinished quilt tops in need of a border to discuss and employ various options. The workshop includes a 20-page workbook. Visit her website at <http://www.lujeanquilt.com>.

May: **Linda Schmidt** presents **Short Attention Span Quilting**. This program is a talk & trunk show with more than 25 quilts and 15 ensembles, traditional to contemporary, exhibiting a wide range of styles, techniques, fabrics, patterns and themes. Some poetry, a little laughter, a bit of imagination, and a lot of passion for our craft. Actual quilts and garments shown, not slides. Linda's workshop is **Elements in Fabric - Earth, Wind, Fire and Water**. Come experiment with a wide variety of products and a simple set of design principles to help you deal with design solutions as you create your own version of the elements. Play with Fibre Etch, Puff Paint, mica chips, melted painted cellophane, cracked ice, Angelina and Tintzl fibers, metallic paint powders, Bonding Agent 007 and much, much more. Be a wild woman! Learn more about Linda at <http://www.home.comcast.net/~shortattn/>

Sign-ups for each workshop begin two months prior and we expect these excellent teachers to sell out quickly, so be sure to see Dorothy Fitch at the February meeting to sign up for Carol Anne Grotrian and Lujean Seagal.

Picture Perfect Piecing Workshop Supply List March 10, 2006

- mechanical pencil
- soft leads (B or HB)
- colored pencil to mark dark fabrics
- pencil sharpener
- eraser
- Sharpie pen - Fine Point (not Ultra Fine)
- scissors for paper
- ruler 18" (see-thru is easiest to use)
- cellophane (Scotch) tape
- large envelope to store pattern pieces
- 9" x 11" piece of fine grit sandpaper glued to a 9" x 11" piece of cardboard
- fabric: solids, commercial prints, hand dyed (opt)

Note: We'll be working on a pieced landscape top about 15" x 24" based on templates (patterns) I'll provide to incorporate many piecing techniques. Sky fabric and the bottom fabric (beach, grass or ground depending on your imagination) needs to be at least 22" wide. For the rest, fat quarters or smaller pieces will work. You'll need a variety of water and foliage fabrics, something cheery for an umbrella & tablecloth, also beach colors. Different scale patterns (large and small) and a range of value (light to dark) will help. Fabric with photographic images are often less successful than those patterns that remind you of pebbles or grass, etc. See www.carolannegrotrian.com for samples based on the pattern we'll be using.

- sewing machine (optional if you wish to focus on hand piecing)
- back up sewing machine needle
- small scissors (sharp to the point to snip curves)
- larger scissors for fabric
- thread- light, medium, and dark grey, cotton or poly cotton
- needles-sharps, size your preference
- thimble (opt)
- straight pins and pin cushion
- seam ripper

If you have any questions, contact Carol Anne at info@carolannegrotrian.com.

Check Carol Anne's website for additional information: www.carolannegrotrian.com.

Workshops are held at the Goleta Valley Community Center, 5679 Hollister Ave., Goleta, CA. Please arrive by 8:45 a.m. to set up for the workshop to begin promptly at 9:00 a.m. Please bring goodies to share; the Guild will provide coffee and tea.

SANTA BARBARA HISTORICAL SOCIETY QUILT NEWS

The Historical Society wants to “officially” thank all the Coastal Quilters who submitted ornaments for our holiday tree. It looked spectacular.

The Historical Society’s Contemporary Art Quilt show opens on February 10. Several local quilters are represented in the show, including Coastal Quilters Guild members **Norah McMeeking** and **Angela Moll**.

On Saturday, February 11, there is a Quilt Appraisal Fair from 10 AM-4 PM. On hand will be the Board of Directors of the California Heritage Quilt Project, who will document any pre-1945 quilt for the State Archives at LACMA. There is no fee for this! In addition, Julie Silber and her partner from the Quilt Complex will appraise any pre-1950 quilt for a small fee (verbal appraisal is \$25; written appraisals are \$75).

Immediately following the Appraisal Fair, from 4 - 5 PM, will be a panel discussion with Caroline Liberman, Julie Silber and several quilters represented in the exhibit, including Robert Pell. This is a FREE event and the community is invited to come and share stories about their family quilts.

Volunteer Opportunity

The California Heritage Quilt Project Board of Directors will be at the Santa Barbara Historical Society on Saturday, February 11th from 10 AM - 4 PM, to conduct pre-1945 quilt documentation for the state archives. They will need 8 volunteers to help with tasks including tagging quilts, pinning straps to the tops of quilts to hang for photo documentation, measuring quilts and maintaining tally sheets. It will be a great opportunity to see many wonderful family heirlooms and watch quilt historian Julie Silber date the quilts that are brought to the appraisal fair.

To volunteer, contact Anita Krissel at the Historical Society - (805) 966-1601 X108.

Machine Stipple Quilting and Much More!

(All levels)

Please arrive at the Goleta Valley Community Center (5679 Hollister Ave., Goleta, CA) no later than 8:45 for set-up. Class will begin promptly at 9:00a.m., Sue has a tight airline connection following the class, so we will have to stay on task!

In this all day workshop, free motion quilting will be explored for background areas on your quilt and for overall surface designs. Traditional stipple quilting will be covered as well as many fun alternatives. Some of the variations include: loopy meandering, psychedelic stippling and curvy crosshatching. Students will make a small stipple sampler to showcase these techniques. If you are looking for ways to make your machine quilting different from the crowd, this will inspire you. Some basic free motion quilting skills will be reviewed, then jump into the fun!

Supply List

SEWING MACHINE - bring instruction manual, extension bar or table and all accessories

DARNING FOOT- a MUST for free motion quilting

Straight stitch throat plate - optional, bring if you have one

Ten 12" squares muslin

Five 12" squares cotton or cotton blend batting

Thread - 50 weight cotton in off white and tan or gray. Optional decorative threads (variegated, etc.)

Sewing machine needles - I use 80/12 microtex for 50 weight cotton needles for decorative thread

50 safety pins - I use size 0 or 1

Rubber gloves - kitchen dishwashing gloves, size smaller than you wear.

Marking pencil - I use Quilter's Choice, silver

Ruler for marking straight lines, approx. 12"

Basic sewing supplies - scissors, bobbins, etc.

Extension cord Optional, but a good idea- small cushion for height, extra light

PROJECT- *Prepare prior to coming to class.*

Nine 7 1/2" squares cotton fabric in solids or tone on tone print

(Piece this into a nine patch, I use 5 squares one fabric and 4 squares another fabric.) *see note below

One 25" square for backing fabric

One 25" square cotton or cotton blend batting

Thread for project

Baste this quilt project before coming to class

*Sue's new book "Machine Quilting- A Primer of Techniques" features stipple sampler (Page 93) that can be used for this project.
