## NEW MEMBERS PICNIC

We welcomed our new members with the annual Guild Picnic that was held at the July meeting.

See page 5 for more photos of the fun.

## Organizing Tip of the Month:

*from Juli Shulem, Professional Organizer*

I love practically designed storage units and there is a great one called **Super Satchel Box**. It is a plastic flat box with lid, handle and two latches to keep it closed. It is about 14"x14" so it holds good sized blocks in addition to other items. There is an option of a cube storage unit to hold four of these plastic boxes and it fits nicely on a shelf. They are not only great for blocks, but many other things such as: little projects that easily get lost among the bigger items, Patterns/instructions for upcoming projects you wish to hold onto, Appliqué projects you can store in a little bag and keep ready for something on-the-go, and there is even one satchel box made to store thread. Easy to use, nice size, and minimal space consumption. Check them out at [www.keepsakequilting.com](http://www.keepsakequilting.com)

\*If you have a great organizing idea you want to contribute that others may find useful, please email me at [jshulem@aol.com](mailto:jshulem@aol.com) and you might just find it in an upcoming issue! Credit will be given, of course. 😊

*The REAL way to have a picnic! Member Paulette Ley shares her picnic quilt with her daughter Ellen and grand-daughter Rory who are visiting from Pennsylvania.*

## Quilt Show Workers Still Needed

Sign ups for the quilt show are looking good. We still have some soft spots.

We need people to help sell tickets for the **Opportunity Quilt on Saturday afternoon**, and on **Sunday from noon to 2 and then from 2 to 4**.

We need people to help with **Admissions on Saturday from 4 to 5:15**.

We need people to do **Security on Saturday from noon to 2, from 2 to 4, and from 4 to 5:15, as well as Sunday from 9:45 to noon, and noon to 2**. You can sit for this job.

We need a few people to help with the **Community Quilt** table, and with the Education.

Finally, if any of you feel like taking pity on me, even though I've been harassing you for months and months, I could use someone to relieve me now and again as I check in and out the volunteers.

All volunteers will get a letter before the show reminding them of the specific jobs and times they will be working. Save the letter and bring it with you to the show. It will be your pass for free parking, and admission into the show. Thank you for your cheerful, enthusiastic, even exuberant support!

## From Darilyn's Desk:

First, I would like to take this opportunity to thank our outgoing board members for their outstanding service, commitment, and contributions to our guild. Each one has made it possible for our new board to step into their respective roles in a smooth and efficient manner. For this, I am grateful, thank you!

I'd also like to thank Linda Boynton de Sepulveda for arranging our recent press coverage featuring the Guild's Community Quilt Project. We appeared on the front page of the Daily Sound on July 10, 2008 and the article featured a full-color photo that included Barb Postma and Jean Faison, co-chairs of Community Quilts, Marty Frolli, the guild's first president, and yours truly – as well as a sampling of quilts we donated to Transition House. For those of you who haven't seen the article, you can view it online at [www.coastalquilters.org](http://www.coastalquilters.org), just another good reason to look at our website.

Last month I mentioned that I would like to focus on membership development throughout this year. I think it's critical for both our guild's long-term health and continued success to provide value to each member whether new or long-standing. Therefore, I plan to work toward:

1. Sustaining and growing our membership base
2. Encouraging active membership, input, and participation
3. Assessing the relevance of current guild projects/activities/programs and the efficiency of our guild administration

One of the goals I intend to pursue first is to examine how we welcome, orient, and retain fellow guild members. In the very near future I will convene a combined meeting of the committees who currently deal with membership issues. My hope is to develop an integrated approach that ensures we care for and retain new members. Many of you have already shared excellent ideas on how we might accomplish such a goal and I encourage you to continue to do so.

One idea that resonated with me was to provide new members with a welcome packet containing critical information about our guild as well as some welcome goodies. Another idea was to assign each new member a "buddy" during the meetings to introduce the new member to other members as well as explain our meeting proceedings and activities including satellite groups, block-of-the-month, and community quilts. I am encouraged by how many of you also believe this is an important initiative for our guild administration to undertake.

Again, I welcome your input and encourage you to share your thoughts with me or other members of our current board. Look forward to seeing all of you at our next meeting, until then...

*Let's go sew,*

## Future Programs

### August Meeting It's a SILENT AUCTION

(No workshop in August.)

### September

We're looking forward to Vikki Pignatelli's September lecture of:

#### **10 Attributes That Make a Quilter Better** and her workshop entitled: **Improvitational Curves**

She states about her workshop that this relaxing, impromptu approach to piecing curves offers students total freedom in quilting. With a play-as-you-go spirit students create several quilt blocks of shapes (circles, ovals, curvy rectangles or triangles or teardrops) and then arrange them into a free-form contemporary quilt. Great timing of this topic as it completely relates to this year's block-of-the-month! All skill levels may sign up for her workshop on Friday morning on 9/12 from 9:30 - 3:00 with their machines. Let's see if we can give her a full classroom and learn some new, fun techniques together.

### **REMINDER:** **Coastal Quilters Auction 2008**

Items for auctions must be received no later than **August 7th.**

## Memoriam

Betty Gardner, a long time member of the Coastal Quilters Guild, passed away from cancer in July.

Betty was a talented quilter and made many quilts for the Community Quilts projects over the years. During the Little Flag Quilt Project, Betty made an exceptional total of 18 little quilts.

We will miss the friendly smile and kind manner of this talented and giving quilter.

# Block of the Month

## Shape for September: Circles!

The theme for this year's blocks is **Geometrics**. Each month will feature a different geometric shape. There are simple and consistent guidelines for the entire year, so you can stock up on fabric and use your creativity in the pattern, design and size you choose. You could make two blocks each month, and submit one, and by the end of the year, you will have your own geometric beauty, not to mention all the ones you won during the year!

The shape for **SEPTEMBER** is **CIRCLES**: This can be one large circle, circles in patterns (think Snowball, Drunkard's Path), or flowers and fruits, balls, coins, tires, sun, moon, yo-yos. Use your imagination. You can do a simple design, use a known pattern, or create a circle square (is that an oxymoron?) that will make all of us go 'My word, why didn't I think of that?' It's up to you. The Squares were wonderful, looking forward to the triangles and then these circles! Above all, **HAVE FUN!**

*-The Loose Threads satellite group*

## Guidelines:

1. You may choose **any size block** as small as 4 inches square (finished), up to 16 inches square (finished) as long as the finished size is divisible by two (4x4, 6x6, 8x8, etc.). Don't forget to build in your seam allowances—the working block would be one-half inch bigger than the finished block. Right? The fun of this guideline will be for you to figure out how to put together different-sized blocks into an interesting and cohesive design. It's a challenge!
2. All blocks must have **black borders** – preferably at least one inch wide. If you use a pattern with a background, make that background color black as well. The border and background can be pure black, or black-on-black fabric.
3. **No large or busy prints** – think Batiks, Bali prints, brights, tone-on-tone, jewel tones, primary colors, whatever you think will look great.
4. While there will be **no specific pattern**, we will supply you with tips, samples, and ideas of what you can do for the **SHAPE** of the month.
5. **No other SHAPE** can be in the block for the month. So if the block is "squares" be sure you don't make triangles or rectangles somehow, too. Of course, we will not drum you out of the corps if somehow, in your unique and completely creative design, there just happens to be another geometric shape—if you look at it sideways. On alternate Tuesdays. In a mirror. Upside down. Got it?
