## Community Quilts

On Valentine's Day, we delivered more than 200 placemats to Food From the Heart. Tuesday is cooking day for the volunteers of this wonderful charity with distribution to the clients on Wednesdays. Your wonderful placemats will be a bonus surprise to each recipient. What a reception we received. The placemats were laid out on the worktables. All the staff was delighted with the display. Compliments flowed and cameras flashed. A few placemats will be framed to grace the wall of the kitchen at Trinity Evangelical Lutheran Church where the volunteers work.

We'll continue to work on lined shopping bags for seniors at St. Vincent's.

Placemats are still needed. Now they will be collected for the Community Action Com-

mission's Mobile Meals program, which feeds homebound seniors in our communities. Quilts of various sizes for CAC's Teenage Pregnancy and Parenting (TAPP) program are also on our agenda.

If you have a kit you can't find time to complete you may return it as is. If you prefer to help only as a topper, quilter or binder, we'll find a project to suit you. Please contact us prior to guild night if you need batting and backings for your community projects.

Your quilted CQ projects delight us each month. Thank you so much!

— The CCQ: Carol Hart, Edalee Keehn, Barbara MacCallum, and Nancy Miller

## Community Contact

Making quilts is a wonderful gift to have, and Coastal Quilters as a group has showered our community with beautiful quilts. Individually, each of us can do something to reach others with our quilts — our neighbors, parishioners, local clubs, veterans organizations, hospitals, and our workplace.

The Chocolate Gallery on Calle Real didn't know what a gem they were getting when they hired Linda Estrada. Linda's quilts soon brightened the windows of the Chocolate Gallery. She has even made a special quilt for the business. The quilts add a happy dimension to an already sweet shop. Stop by to see Linda's work and take home a sweet treat.

On March 2, Carpinteria celebrates First Friday. On that day Roxanne Barbieri, will take the story of her new shop, Roxanne's A Wish and a Dream, to the Carpinteria Senior Citizens monthly meeting at the Community Church. She'll share with them her quilt journey to her spectacular new quilt and knit shop and show a variety of her whimsical, joyously colorful quilts. It should bring a smile to everyone present.

Nola Ferguson has arranged programs for community organizations looking for an interesting and enjoyable program. She has produced quilts and wearable art fashion shows that were very well received. If any of you would like to participate in a program, please let her know. You don't have to be the speaker — a script can be developed, and another guild member will speak for you, if you prefer. If you belong to an organization that would like to have a program based on our personal, community, or challenge quilts, contact Nola at 684-5665.

## From the President's Desk

I LOVE our GUILD!! There are so many great people to get to know and one of the best ways to do that is to JUMP IN! Now is the time to find just the right opportunity to give a little back to this wonderful guild by volunteering. We have several positions available on the board including Speaker Liaison, Corresponding Secretary, Public Relations Coordinator and Parliamentarian. And if a board position is not your desire, we have several committee positions available as well. Those are Challenge, Door Prizes & Auction Chair. If a committee chair position is not your cup of tea, than Marilyn Martin could use some help with the Welcome Committee, Elaine Kovar is asking for assistance in the library and Kika Hutchings will continue with Block of the Month with assistance from someone with good computer skills. Most of you know my story: I was a member of the guild for a few short months and jumped in with both feet to be your president. It was the BEST decision possible for me. This role has given me the opportunity to get to know lots of people that I may not have otherwise met this soon. SO — take the plunge and give back to your guild by volunteering and enjoy the ride.

I'm so excited to see the challenge quilts at our next meeting. Don't miss it and invite your friends to see our Challenge Mini Quilt Show. I'm sure the creativity will be amazing. Thanks to Marty and Barb for taking on this year's challenge.

Ann Turley was our speaker in February and gave a bit of insight into quilt judging to try to encourage all of us to submit our quilts for the upcoming quilt show in September. Get busy with those show quilts as we only have about six months left. It makes me incredibly nervous to have someone actually "judge" my quilts but I'm willing to take the risk — join me and we'll conquer the fear together.

Ann's workshop was on Making Faces. We had a great time using our "outside the box" creativity to design and create a mini quilt of a face using fabric—check out Facebook or our website to see some of the "faces" created. Some of them are amazing self-portraits while others are just plain fun! We will also bring them to show during the workshop portion of our business meeting.

I think our early refreshment idea was a great success at the last meeting and we are going to continue to try it at the March meeting. Come early (6:30) for refreshments and to vote for your favorite challenge quilt.

And a special thank you to EVERYONE for not backing into the parking spaces. I really appreciate your respect for the church and the church's neighbors.

Finally – Jean Faison would appreciate notification of address changes for our newsletter. We pay a bulk postage rate for the newsletter, but if it is not deliverable, the post office charges us an additional 50 cents for each one that comes back. It would be very helpful if we could avoid those additional charges.

See you at the meeting and until then, quilt til you wilt,  
— *Irelle*

## Tips from a Quilt Judge

Ann Turley, our February speaker, graciously granted us permission to reprint her advice on entering a quilt show, and her tips on creating perfect mitered corners.

### What to Consider When Entering a Judged Quilt Show

#### 1. VISUAL DESIGN

What makes your quilt appealing—is it a well-coordinated color palette? Is the pattern handled in a new and/or refreshing way?

#### 2. DESIGN

Complexity and degree of difficulty of the pattern. Occasionally the quilting design may be considered at this point.

#### 3. GENERAL APPEARANCE

Quilt should have a unified look to it—are all the parts well-integrated? Do the fabrics and blocks or units look like they belong together? Is your quilt free of pet hair, lint and dirt, and has no smell of smoke?

#### 4. TECHNICAL ASPECTS

a. **Primary Technique**—are pieced blocks uniform in size? Do the corners meet and are all points sharp? Do all applied units have smooth curves and sharp points? Is the thread color consistent? Are there small, tight and strong stitches?

b. **Joined Blocks**—should all meet in the same place and all intersections should align. Seam lines should be straight and on grain.

c. **Borders**—should be harmonious with the quilt center in regards to color and width. Rippling should be avoided; a quilt should lie/hang flat upon completion.

d. **Quilting Design and Technique**—is it appropriate to the overall piece? It should enhance and full the quilt. Stitch length should be consistent (machine or hand). Length *usually* takes a back seat to *consistency*. Tension should be even front to back with no distortion or knots showing front or back. Machine quilters—be careful with stops and starts as they should not be obvious.

e. **Finishing**—edges should be straight, binding attached securely with strong, even stitches. Bindings should be completely filled. Corners should be 90°, sharp, and stitched closed.

— © 2007 Ann Turley

### Mitered Corners

1. Cut strips 2¼" wide. Piecing on the diagonal when necessary. Fold in half and press.

2. Start sewing your binding about ⅓ the distance between two corners. Stop sewing before you reach the corner of the quilt, ending the same distance from the edge as the width of the seam allowance. This is critical if your seam is wider than ¼" and makes for clean and neat miters. Sew a back stitch or two, then clip the threads and remove the quilt from the machine.

3. Flip the unsewn binding up so that the raw edge is parallel with the next side of the quilt. The strip should form a 45° angle at the lower edge.

4. Lay an index card at the corner, aligning the edges with the quilt. Flip the binding down over the card and align its raw edges with the edge of the quilt. The card will help you do this without losing the angle. Pull out the card and sew starting where the last seam ended.

5. Continue sewing the binding around the quilt, treating each corner the same way.

6. Mitered corners should be stitched closed, front and back. This helps the corners to lay flat.
