## Tammie Bowser: Easy and Amazing Quilted Photography

Tammie Bowser has been sewing all her life. She got a degree from Fashion Institute of Design and Merchandising (FIDM) in 1985 and spent the next 18 years in the fashion industry in Los Angeles. After the birth of her baby, she searched for a business that would enable her to stay home. Quilted photography was born. Tammie has developed software that will take your photo, change it into a pattern using a variety of geometric shapes and provide coloration for each shape. She will share how to follow her pattern and make beautiful quilts. Tammie's lecture is funny, entertaining, informative and inspiring. She will share some of her latest quilts and explain the evolution of quilted photography from the beginning until now.

### January 11 Workshop: Pixels Are Magic

In this workshop students will learn to make an amazingly complicated looking quilt in just a few hours. Be sure to sign up for this workshop in

advance because Tammie will make a pattern from your photograph before class and have it ready for you. Tammie will also have pre-sorted fabric available for purchase.

## Community Quilts

Our thanks to all the members who turned in quilted items this past month. We made the following deliveries in November and December:

- **Unity Shoppe** – 205 doll cradle bedding sets, 43 quilts, 51 Christmas stockings and a few shopping bags
- **Hillside House** – 62 Christmas and Hanukkah stockings
- **Visiting Nurse and Hospice Care** – 40 quilts for patients in their own homes and some placemats for Serenity House.

The picture shows how the cradle bedding sets are displayed with a doll in each cradle.

For the next few months our priority will be lap quilts for all 59 residents of Hillside House. We will have kits available with the necessary fabrics, batting and a pattern, which can be used if desired.

We continue to accept all size quilts for Visiting Nurse and Hospice Care and Unity Shoppe. Their needs are ongoing. Kits are available for these quilts.

## From the President's Desk

The New Year is typically seen as an opportunity to assess the choices we have made over the past 12 months (or longer) and determine a path forward. While many resolutions focus mainly on reversing negative trends (i.e. lose weight, get in shape and the like), I prefer to think about what ideas and activities will define the coming year. This year I'm considering several quilting resolutions to help me develop myself as a quilter.

1. Organize my fabric and get rid of fabric that I can't imagine using.
2. Take stock of my unfinished projects and get rid of those that I have no interest in finishing. Finish at least one this year.
3. Try more small experiments with quilt techniques. If I feel that they need to be useful, turn them into placemats or shopping bags.
4. Take one class per quarter to expose myself to new methods and be inspired by other quilters.

My best friend chooses a theme for every year, and then organizes her activities around this theme. I have decided that my focus this year is to create space for new things in my life. So my quilting resolutions will fit in with this larger theme.

Twenty-nine years ago, when I was working in the software industry, I realized that I had no significant female relationships. My work colleagues were primarily male and my pursuits outside of work were either athletic or solitary. While wondering where I would be likely to meet women, I walked by a quilt store. My first thought was that most quilters are probably women. Since I already sewed some of my own clothing, quilting seemed appealing, and so I signed up for my first quilting class.

I started quilting to fulfill a New Year's resolution and have received many surprising benefits. Your friendship and inspiration are among the best.

# Future Programs

## FEBRUARY

### Terry Waldron: *The Art of Doing it All*

Terry started quilting in 1993, when she took a workshop from Blanche Young. She got so excited about quilting that she went home and finished her first quilt, queen sized, of course, in one week while teaching high school English full time. She really does know how to do it all. Terry has published a number of books, exhibited her quilts in several national shows and appeared on Alex Anderson's Simply Quilts TV program. Terry will present a trunk show of her work from beginning to present and you leave inspired to take chances and express your own ideas in your quilts, whether traditional or not. [www.terrywaldron.com](http://www.terrywaldron.com)

### February 15 Workshop: *Scraffito*

Remember how much fun it was as a kid to get a pack of crayons, scribble all over the page, then color over everything with black crayon then scratch the black off with a pin to reveal beautiful designs? This quilt is based on that art form. It is an easy, fun and highly successful way to create a beautiful and unique art quilt. Even if you are not interested in art quilts, taking classes expands your skills, provides new experiences in fabric and gives you an appreciation for the media. Besides, it is a lot of fun.

## MARCH

### Robin Gallagher: *KISS: Keep it Sew Simple*

Beautiful quilts don't have to be difficult. Robin takes you on a journey showing you how quilting can be simple and fun. Sometimes what you see as a quilt block is a trick of the eye and is actually assembled in a very different way. Do you like quilts set on point but find it difficult to sew all those long diagonal strips together? Are set-in triangles a challenge? I will show you how I Keep it Sew Simple. During the lecture Robin will have a trunk show with a wide variety of quilts, bags and other fun things she has made. [www.robinquiltsetc.com](http://www.robinquiltsetc.com)

### March 15 Workshop: *Lety's Bag*

Lety's Bag is a great tote bag/purse that can be made to look different by using different fabrics. The workshop will incorporate three of Robin's purse patterns: The Lety bag, The Little Lety and the Easy Peasy Grommet Bag. One pattern is included in the registration fee and students may purchase the other two if they wish to make (or have time for) all three bags.

## APRIL

### Annette Kennedy: *Possibilities With Paint*

Annette will give a brief personal history about how she came to make quilts from photos and started painting on them. There will be a slide show of pictorial quilts before they were painted on and what effect (details, shadows, depth) was achieved with fabric paint. She will also show samples of painted fabrics: commercially printed and on PDF (prepared for dying) fabric. [www.annetekennedy.com](http://www.annetekennedy.com)

### April 12 Workshop: *Painted Fall Leaves*

Learn how to take a ho-hum quilt and make it fabulous with the addition of a little paint. Annette was recommended by a quilt guild member.

## 2013 Challenge: Judging a Book by Its Cover

The 2013 Challenge event has been scheduled for June 2013. Here are some of the important criteria:

- Quilt design must be **inspired by the cover of a book** (quilt books excluded) but not be an exact replica of the book. You could be inspired by the color, graphics, title or anything else you find on the cover. We hope to NOT have 50 quilts in "shades of grey."
- The quilt **must be 3 layers and quilted** by hand or machine.
- The quilt must **include a "recognizable amount" of the selected fabric** (see photo), which features a navy blue background with colorful book spines forming circular designs. The exact amount of fabric that must be used will be determined and announced later.
  - The qualifying fabric must be used in the body of the quilt – using as the binding or backing do not count as meeting the fabric challenge.
  - Fat quarters of the fabric will be available for sale at the guild meetings for \$2. If you need to have the fabric mailed to you, please add \$1 and send your request to me at 980 Via Regina, SB, CA 93111.
- You will need to **submit a full-size (book size), color copy or photo of the book cover** that inspires your quilt, to be displayed alongside your quilt on the night of the Challenge.
- **The quilt size cannot exceed 120" perimeter** (for example, 30" x 30" or 20" x 40"). It cannot be smaller than 36" perimeter (9" x 9" or 8" x 10"). For those who haven't studied geometry in a while, perimeter is the entire measurement of the outside edge of the quilt – all sides.
- The quilt, application form and photocopy of book will need to be **submitted prior to the guild meeting on or before June 13, 2013**. The exact date and location of drop-off will be announced at a later time.

**Stay tuned for more updates** as some of these rules may be clarified and modified as we determine the *need*. For now head to the bookstore or library and start getting inspired!
