## Robin Gallagher: KISS: Keep it Sew Simple

Beautiful quilts don't have to be difficult. Robin takes you on a journey showing you how quilting can be simple and fun. Sometimes what you see as a quilt block is a trick of the eye and is actually assembled in a very different way. Do you like quilts set on point but find it difficult to sew all those long diagonal strips together? Are set-in triangles a challenge? Robin will show you how she Keeps it Sew Simple. During the lecture she will have a trunk show with a wide variety of quilts, bags and other fun things she has made. [www.robinquiltsetc.com](http://www.robinquiltsetc.com)

### February 15 Workshop: Lety's Bag

Lety's Bag is a great tote bag/purse that can be made to look different by using different fabrics. The workshop will incorporate three of Robin's purse patterns: The Lety bag, The Little Lety and the Easy Peasy Grommet Bag. One pattern is included in the registration fee and students may purchase the other two if they wish to make (or have time for) all three bags.

## Library Renovation

The Library Committee has been working hard to make the guild's book resources more accessible to members. It was difficult to find anything in our book crates because they were so densely packed, while some of our more vertically challenged members found it difficult to see into the crates at all. Yet moving the crates to the table was beyond the physical capacity of the people volunteering to be librarians.

If you visited the library during the February meeting, you might have noticed that these problems have been remedied. The committee took a multi-pronged approach: First, we firmly pruned our library to weed out double copies and books we considered to be out-of-date while maintaining an array of books for all the various aspects of quilting. Secondly, we pulled some books together in categories such as appliqué, hand and machine quilting, art quilts, children's quilts and wearables. And third, we invested in new boxes that are lower. They are also narrower, so that the whole alphabet of our general quilting books fit across the two carts. The books in categories are lighter and easy to move from the lower shelves of the carts to the table. Thus we also doubled the linear space available to access the library. All of this should make using the library more pleasant for everyone. Very soon we will also have the entire contents of our library listed on the guild's website so that you can come to meetings prepared with a list of books to borrow.

We continue to welcome donations to the library. We select a few books from donations to become part of the library; the rest – along with those books removed from the library – provide the opportunity to offer great books at low prices during our book sales, which help us to buy the latest and best books as library additions.

However, none of us are well versed (yet) on what the latest and best might be, so we really need your guidance. If there are books you would like to see in our library, please tell us! We aim to please, so come see come see us in the back of the meeting room.

— **The Library Committee: Jean McCaffrey, Elaine Kovar, Ann Marx, Carol Barringer**

## Community Quilts

Beautiful quilts for Hillside House and Hospice are being turned in regularly. A delivery of 10 was made last week to Hospice as their needs are ongoing. They are always so appreciative of the special care and attention made on the quilts given to their clients. Our goal for 60 quilts for laps and wheelchairs is halfway met with almost equal numbers for men and women. We hope to collect them all by the June meeting for distribution at one time. Thank you all for your continued support.

— **The CCQ: Edalee Keehn, Barbara MacCallum, Nancy Miller and Carol Hart**

## From the President's Desk

This month I have needed to be away from home frequently, and traveling means being away from my sewing machine. So when home for a brief visit, I find myself gathering up handwork to take on the journey back to my childhood home.

Doing handwork seems to slow me down literally and affords me a rare opportunity to process my thoughts and feelings. It is so easy in this time of rapid movement and communication to forget to fully experience life as it happens. Sitting down with a needle and thread gives my hands something to do while I sort out my experiences, especially if they are upsetting or confusing. When stressed, I am always tempted to escape into an orgy of fiction reading, but it is truly more fulfilling to embrace reality.

I also find myself drawn to visit the quilt shops along my path. There is something comfortable and familiar about a quilt shop, so much so that I always expect to see someone I know, even in a quilt shop far from home. The history and traditions of quilting, as well as modern expressions of the craft on display, are reminders of the large number of quilters now and in previous generations with whom I share a passion for fabric, color and pattern. I treasure being a part of this larger community.

The act of hand piecing, quilting or binding connects me to a long quilting tradition and encourages self-reflection. When I focus on what is good and true and expend my energy wisely, life's journey is much more pleasurable and satisfying.

## Future Programs

### APRIL

#### **Annette Kennedy: Possibilities With Paint**

Annette will give a brief personal history about how she came to make quilts from photos and started painting on them. There will be a slide show of pictorial quilts before they were painted on and what effect (details, shadows, depth) was achieved with fabric paint. She will also show samples of painted fabrics: commercially printed and on PDF (prepared for dying) fabric. [www.annetekennedy.com](http://www.annetekennedy.com)

#### **April 12 Workshop: Painted Fall Leaves**

Learn how to take a ho-hum quilt and make it fabulous with the addition of a little paint. Annette was recommended by a quilt guild member.

### MAY

#### **Christine Barnes: Color, Color, Color**

This fast-paced lecture begins with a look at the three color characteristics common to all quilts and garments: value, temperature and intensity. These terms sound academic, yet they, as much as color itself, are the key to making great quilts. Learn how to use the color wheel to create fresh, unexpected color combinations. Slides of quilts from nationally known quilters are followed by Christine's quilts and a mini fashion show of her garments. [www.christine-barnes.com](http://www.christine-barnes.com)

#### **May 10 Workshop: Color Camp for Quilters**

Do you stress when it's time to choose colors and fabrics for a new quilt? Do you wish that you had better color sense? Come to Color Camp. This workshop is based on Christine's new book, *Color Camp for Quilters*. It will be lots of fun and lots of good information.

### JUNE

#### **Guild Challenge: Judging a Book by its Cover**

Challenge quilts will be displayed and people are will vote on their favorites.

### LOST & FOUND

On our recent Road to California bus trip, I mislaid a green-and-white umbrella from The Nature Conservancy and three packages of embellishment beads in reds and pinks. If you had invited guests on the trip, would you please check with them as well. These items were located in the middle of the bus. Thanks.

## 2013 Challenge: Judging a Book by Its Cover

The 2013 Challenge event is scheduled for June 13, 2013. Quilt entries will need to be turned in at the May Guild meeting, which means you only have two more months to construct your masterpiece.

**Please read the following; some of the guidelines have been modified.**

- Quilt design must be **inspired by the cover of a book** (quilt books excluded) but not be an exact replica of the book. You could be inspired by the color, graphics, title or anything else you find on the cover. Remember that if you recreate the cover of the book exactly, you may be required to obtain permission from the artist.
- The quilt **must be three layers and quilted** by hand or machine.
- The quilt must include a recognizable amount of the selected fabric (see photo), which features a navy blue background with colorful book spines forming circular designs. The exact amount of fabric that must be used is up to you, but must meet the recognizable requirement. Due to limitations of availability, the maximum amount of fabric sold to each applicant will be one fat quarter.
  - The qualifying fabric must be used in the body of the quilt – using as the binding or backing do not count as meeting the fabric challenge.
  - Fat quarters of the fabric will be available for sale at the guild meetings for \$2. If you need to have the fabric mailed to you, please add \$1 and send your request to me at 980 Via Regina, SB, CA 93111.
- You will need to submit a full-size (book size), color copy or photo of the book cover that inspires your quilt, to be displayed alongside your quilt on the night of the Challenge.

### Note change in size requirement!

- The quilt size cannot exceed 140" perimeter (for example, 30" x 40" or 25" x 35"). It cannot be smaller than 36" perimeter (9" x 9" or 8" x 10"). For those who haven't studied geometry in a while, perimeter is the entire measurement of the outside edge of the quilt on all sides.
- The quilt, application form and photocopy of book will need to be **submitted prior to the guild meeting on or before June 13, 2013**. The exact date and location of drop-off will be announced at a later time.

**Stay tuned for more updates** as some of these rules may be clarified and modified as we determine the *need*. For now head to the bookstore or library and start getting inspired!

— **Karen Pickford and Mary Ballard, 2013 Quilt Challenge Coordinators**

## WANTED!

A local service group that I volunteer with is desperately in need of unwanted blankets, mattress pads and flannel sheets to use as the "warmth" layer to sandwich between quilt tops and backings. We currently have a very limited number on hand, so we'd like your help to keep our volunteers busy by producing these serviceable blankets for distribution throughout our community. Their quilts are tied rather than stitched, so these fillers are ideal for this purpose.

Please check your linen and storage closets to see if you have unused items taking up valuable space and donate them to be repurposed by our busy ladies. Don't forget to ask your family, friends and neighbors, too! Or perhaps you are looking to replace your existing bedding? We will also take full to king-sized regular sheets to be used as backings (something we "dedicated" quilters would never do!), but they work perfectly well in these tied quilts and it's an excellent way to repurpose them.

Please contact **Kathy Rose** at **964-9085 (home)** or **448-9536 (cell)** to arrange a pick-up or drop-off or bring them to me at any Guild meeting. THANKS!

## Block of the Month for March

### SHADOW BLOCK

The shamrock is a three-leaved old white clover. It's the symbol of Ireland with St. Patrick using it as a metaphor of the Christian trinity when christianizing Ireland in the 5th century. Since the 18th century the shamrock has been used as the symbol of Ireland. On St. Patrick's Day, the shamrock is worn on the lapels in Ireland as well as other countries. In our stash, lucky scraps of green are there to be plucked and assembled into your shamrock block.
