## Guild Meeting on September 12: Textile Care and Preservation

**Presented by Larry and Melinda Gonzalez, Retro Clean Inventor**

This lecture/discussion will address the best practices for the proper care, washing, storage and display of textile projects to ensure their well-being for generations to come. We will also cover advanced cleaning techniques for projects that weren't so fortunate.

Larry will tell something about his background and why he developed the product. It will not be an infomercial (he promises,) but they will have some of their products for sale at the meeting.

## Open Sew Saturday, September 14

**9:00am – 3:30pm**

**Goleta Valley Community Center**

**Free to Members**

Here's your chance to either sew for Community Quilts projects (the committee will have kits and patterns available) or work on your own in the company of fellow Guild members! You are welcome to stay for a short time or the entire time, as your schedule allows. If you are interested in attending, please sign up with Julie ([jamcats@cox.net](mailto:jamcats@cox.net)) to claim your spot. Looking forward to a fun day of sharing, creating, and learning with friends!

## Community Quilts

A very big thank you to Marti Frolli for her large contribution of fabric to Community Quilts. Also thanks go to Barb Postma and another quilter for their contributions of fabric. The contributions are very much appreciated.

We now have 203 completed doll cradle quilt sets, 12 completed quilts for kids and 19 completed quilts for women at Bethel house. We plan to continue donations to Hospice with another four quilts.

A reminder that we will have a Community Quilts sewing day at Goleta Valley Community Center on Saturday, September 14.

## What's on the WEB SITE

Have you looked through the Gallery pages? Scroll down the home page to about the middle. There you will see links to photos from the last three guild meetings.

*This year's Challenge Quilts are featured in the June Gallery on the web site.*

You will also find a link to the Gallery on the top of the homepage. Click on any of these links and you will be transported to the Gallery index page. What will you see there? Links to photos from most of our guild meetings for the past several years! You will also see the names of the presenters for each month, including photos of their projects.

We must all remember to say 'Thanks!' to Carol Boyce, who faithfully records almost every meeting on her trusty camera, so we can then go back and revisit the beautiful quilts presented by members and presenters.

—Bonnie Barber, Webmaster

## From the President's Desk

September is back to school month, and I always feel a bit excited at the start of a new school year. I fondly recall purchasing new clothes, a lunch box, binder and other supplies in preparation. The desk got cleared off, worn out or outgrown clothes were discarded and then the first day arrived.

Nothing was as anticipated. It was too hot to wear my favorite new outfit, and my best friend was in another class. My lunch did not fulfill the promise of the shiny new lunchbox, and to my horror, first thing in the morning, we had to stand up in front of the class and introduce ourselves.

My expectations were vague and unrealistic. I thought that somehow I would be like a character in one of my cherished books; the intrepid student, comfortable and confident in every situation. I recently took a guild workshop, and was reminded of what it takes to be a good quilting student and have the best learning experience possible.

*Be Prepared:* Gather up all of the materials on the supply list well ahead of time so that if something needs to be purchased, there is time to get it. Get any questions about the supplies answered by the workshop coordinator. Bring food, drinks, reading glasses, chair cushion, notebook and anything you regularly use when sewing for hours.

*Workshop Day:* Arrive early to bring in supplies and set up equipment. Be ready to start the workshop on time. Wear comfortable layered clothing. Use only your allotted space. Ask questions. Take notes. Enjoy yourself!

*Attitude:* Be ready to try something new. This is an opportunity to branch out and experiment with a new way of doing things. Do not expect to be immediately adept at a new technique. (Remember how long it took to learn to write?) Practice will foster compe-

tence with a new skill. Resist the temptation to compare yourself with others in the workshop.

*Afterward:* Unpack your supplies, and put the project/instructions together. Think about what you learned. You may be surprised at the realizations gained during the workshop that were not part of the organized lesson.

Sign up for another workshop. Every technique you learn is another tool in your quilting arsenal. Use what works for you in a particular situation.

See you in class.

#### Guild Annual Holiday Party December 12

## Hot-diggety!! It's a Celebration!!

We're celebrating our book sale: over \$600 in sales! We are celebrating donations: more than 40 books added to the library from books donated by our members! And we are celebrating our spiffed-up organization as well as newly up-to-date lists of all our library books.

Among the books we have added from donations are some old favorites, like Alex Anderson's *Simply Stars*, and others worth another look, such as *Great American Quilts, Book 10*, which earned a slot in our library for the inclusion of some advanced piecing designs. *Log Cabin Quilts* includes triangular and hexagonal log cabin designs as well as a "Lone Star" version. *Pineapple Quilts* features the winners of a contest, taking the pineapple block to extremes, with guidelines for designing your own "extreme" pineapple quilt.

In the "worth another look" category, how about making *Quilts on the Double*? Strip-piecing contrasting fabrics, cut into triangles, and make two completely different quilts! Intricate-looking piecing begins with a simple nine-patch in *Slice 'Em and Dice 'Em* which is then cut and reassembled in 20 different ways for surprisingly complex results. *Sew One and You're Done* is perhaps a bit of an overstatement, but the piecing is quick when you enlarge a single block to 48-50" square for a baby or lap quilt, a charity quilt or a table-topper. When speed is the most important, turn to *The Casual Quilter*. Tippy nine-patches mean no matching seams, while

another deceptively simple block, "Domino", is given in 7 sizes and 7 different layouts.

For Kaffe-fans, *Glorious Patchwork* was a wonderful donation, and we recently purchased *Shots and Stripes* as well. Among the 12 new books, for modernists we have *Hexagons Made Easy* (Jen Eskridge) and *Modern Neutrals* by Amy Ellis. For pre-cut addicts *Seamingly Scrappy* promises "the look you love." Curved log cabin blocks make amazing and complex designs in *Hill and Valley Log Cabins*. The sewing is simple, but the piecing is very tricky – good for advanced quilters looking for a challenge!

The oldies-but-goodies will stay in the library as long as there is some interest in them, so come take a look! If you have requested *A Treasury of Mennonite Quilts*, *Big-Print Patchwork*, or *Nickel Quilts and Borders*, those books are waiting for you ... along with too many more to fit in this space.

Thank you ALL who bought books and made our sale such a success! Thank you to our donors! All our leftovers went to the public library. Thank you!

— **The Library Committee: Jean McCaffery, Elaine Kovar, Carol Barringer, and Ann Marx**

# Block of the Month 2013-14: EVERYBODY IS A STAR

## October's Block: Amish Star

This is a beginner level block that only looks complicated because of the number of pieces. The pattern uses mainly half square triangles. But putting it together is a revelation. Do double check that the outside corners are rotated properly so that the corner is a 2½" blue square. Enjoy!

### FABRIC

Gold/Cream

Dark Blue

### CUTTING

- Cut 4 squares 2⅞" x 2⅞"
- Cut 8 squares 2½" x 2½"
- Cut 4 rectangles 2½" x 4½"
- Cut 1 square 4½" x 4½"
- Cut 8 squares 2½" x 2½"
- Cut 4 squares 2⅞" x 2⅞"
- Cut 4 rectangles 2½" x 4½"

### ASSEMBLY INSTRUCTIONS

**Step 1:** On wrong side of 2⅞" gold fabric, draw diagonal line with the marking tool of your choice. Layer square with 2⅞" blue square, right sides together. Sew ¼" seam on each side of marked line; cut apart on marked line. Press open to make pieced squares (Diagram I). Make 8 pieced squares.

**Step 2:** Using Diagram II as a placement guide, sew 2 pieced squares to 2 blue 2½" squares. Make 4 total.

**Step 3:** Draw diagonal line on wrongside of gold print 2½" square. Referring to Diagram III, place marked square on blue rectangle, right sides together, aligning raw edges. Stitch on drawn line; trim away and discard excess fabric. Press open. Repeat on opposite end to make pieced rectangle. Make 4.

**Step 4:** Using Diagram IV as a guide, sew pieced rectangle to gold rectangle. Make 4.

**Step 5:** Using Assembly Diagram as placement guide, sew units together to make rows. Sew rows together to make block.
