

Floral Pictorial Appliqué Workshop

David Taylor – August 2013 Coastal Quilters

This project workshop demonstrates my hand-appliqué technique using my simple flower pattern of a Colorado columbine flower! Choose to make a realistic flower, or go crazy with fabrics of your choosing. The shape of the columbine makes it ideal for this. The class will also cover my "Yin-yang" hand-appliqué technique. Don't care to hand applique? Bring your fusible web! A purchased pattern is required for all students. The patten may be enlarged to any size!

Purchased pattern (\$10):

Each kit includes a pattern and papers to make a Colorado columbine block.

Students should bring:

- Fabric scraps (various sizes) in the colors or patterns of their choosing to complete the flower
- Pencil and eraser
- Paper scissor
- Fabric scissor
- Hand-sewing needle: I use John James Gold'n Glide #10
- Hand-sewing thread: I use Masterpiece by Superior Threads
- Straight pins for applique
- Mini-iron (optional, but helpful) with small ironing pad.
